Our Pipeline, page 3

1. We note your response to our prior comment 3 regarding your continued inclusion of the terminated programs in your pipeline table. While we understand your view that the inclusion of the terminated programs further demonstrates the company's commitment to its business model and strategy, we note that the efficient allocation of capital resources and termination of candidate programs is not unique to your hub-and-spoke model.

Additionally, terminated programs are no longer part of your pipeline and not material to your current operations. For this reason, we request that you remove the terminated programs from the

pipeline table.
